NEWSLETTER SPRING 2014

Dear Valued Client,

As you are aware, spring is upon us; hopefully bringing the mild weather we are so anxiously awaiting. We at Nogas are attempting to recover from the 3rd coldest and 3rd snowiest winter on record with snowfalls totally 80" and 84" at O'Hare and Midway, respectively. We would like to again thank you for your patience during one of the toughest winters we have seen and hope that you are satisfied with the quality of service maintained throughout these unfavorable conditions. Usually, as of this time, we have been able to assess the properties at least once. Unfortunately, due to the cold temperatures and deep frost (which remains 18" deep), our schedule has been delayed approximately one month. Any turf aeration that is not completed in the Spring season will be delayed until Fall.

Furthermore, we ask that notify us of any non-turf related damage (ie, sprinkler heads, retaining walls, mailboxes) prior to any repairs being done, so that we may have the opportunity to repair ourselves. We ask for your continued patience as we hope to complete all initial cleanups during the month of April. We are eagerly awaiting the opportunity to begin the spring cleanups and move forward with our spring season. As always, we appreciate your continued business and are looking forward to providing the highest quality service to your property in the upcoming season.

Sincerely,

NOGAS LANDSCAPING

Dave Noga
