SUMMER 2015

Lovely weather we're having, isn't it? Well, it wouldn't be Illinois without the constant weather challenges. As usual, we are taking it in stride and adjusting our service schedule accordingly. In order to protect the existing turf, we will not be mowing on a weekly basis. As you are probably aware, the excessive rain has caused an abundance of unwanted weed growth. Please be patient, as we are doing our best to stay on top of these issues, but our top priority remains the condition of the turf despite the weather challenges. We will continue to service your property by focusing on preventative measures, and welcome any questions you may have. We wish you a happy and safe 4th of July and look forward to improved weather conditions!
